KinderTime Mobile Arts program is coming to your school to teach developmentally appropriate enrichment classes to your child. This class is designed to give kids a taste of karate while teaching safety through fun activities and games. These classes are taught using games, projects, role-play, and traditional karate teaching methods as they learn the basics of Karate. Kids will also learn how to stay safe and what to do in emergencies. We use role-play and games to teach fire safety, street safety, stranger danger, and how and when to call 911.
